

Martock Footpath Y16- 27

This path runs from Hallett's Lane (Bower Hinton Farm) to Target Lane (Bower Hinton Farm)

This path length (in miles) is 0.574

A gentle path on tracks through farmland, with some spectacular views to the south. This path descends Hallett's hill (uphill coming back!) with just one initial stile.

Waypoint 01. (OS Grid Ref: ST 45508 17719)

This path starts at the southern end of Back Lane, where there is a good, 4 horizontals, 2 step stile with a climbing post. The old wooden fingerpost is missing. Adjacent is a broken padlocked steel gate.

From WP 01 to WP 02 is along a short path to the S, which is a gentle climb that is fairly narrow and which can be slippery and muddy in the wet.

Waypoint 02. (OS Grid Ref: ST 45502 17681)

Merely a waypoint at the junction of the path and a farm track that runs E/W. There is a metal fingerpost at the NW corner of the junction with "Public Footpath" fingers, pointing W (Y16-25) and S (Y16-27), but there are no waymarkers or other pointers.

From WP 02 to WP 03 the path continues S and is a wide grassy track between two high hedges. This can be wet in winter.

Waypoint 03. (OS Grid Ref: ST 45467 17585)

Another waypoint merely where the grassy path joins a wide farm track, Hallet's Lane. There are no waymarkers or pointers to indicate the way.

From WP 04 to WP 05 the path continues straight on, SW. The other two tracks (to the W and to the S) are not public rights of way.

Waypoint 05. (OS Grid Ref: ST 45239 17134)

A waypoint through a wide gap in the hedge at the edge of Shore's Wood. From here, looking S, is a grand vista of the countryside, with a water catchment arrangement and small pond in the foreground. There is a stone seat for the weary to rest and observe the view. There are no waymarkers or pointers to indicate the way.
